Set up your GPS carefully and correctly before using the co-ordinates on the map. Due to the limitations of the map, some co-ordinates may not be displayed correctly.

**WARNING:** Using GPS co-ordinates in a vehicle within the park requires special permission. Co-ordinates are intended to be used only without regard for distance and direction. Serious navigational errors can result.

1. GPS accuracy varies due to many factors, most within the control of the user.
2. Although great care is taken, should there be an error of calculation or transcription, no responsibility is accepted for direct or indirect losses incurred.
3. This map should not be used for long distances as it is not prepared to a scale sufficient for road navigation.
